National Monument and National Historic Landmark

ABOUT PRESIDENT LINCOLN'S COTTAGE

Built in 1842 for banker George Washington Riggs, this Gothic Revival-style mansion became a sanctuary for sitting U.S. Presidents in the 19th century. While in residence, Abraham Lincoln made momentous decisions that defined his presidency, such as the decision to **create and issue the Emancipation Proclamation.**

Ideal for both intimate and larger weddings, this inspiring home features handsome woodwork, marble fireplaces, an inviting veranda, and expansive lawns bordered by impressive trees, including a large Osage Orange and Magnolia.

Proceeds from your event help preserve this National Monument.

All our packages include ample free parking, handicap accessibility, exclusive use of a wedding suite, and on-site museum staff. Rental blocks include setup and breakdown time — in most cases resulting in two hours of setup and one hour of breakdown. The Robert H. Smith Visitor Education Center and exhibits will remain open prior to ceremonies and during cocktail hour for guests to enjoy at their leisure.
